

REMARKS

Applicant has amended the Title of the application and amended the first page of the specification to include the priority information; an Appendix with a marked-up version of the Title to show the changes made is appended.

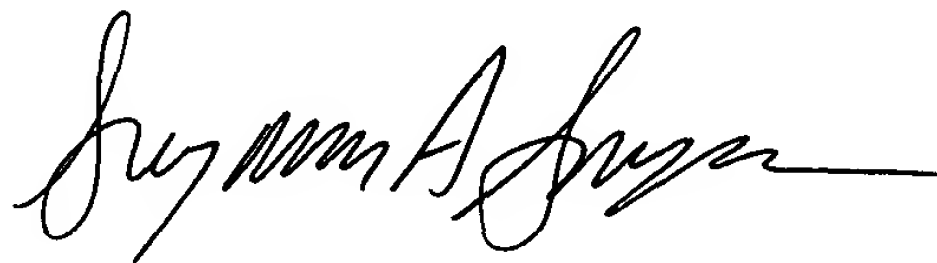

Sequence Listing

Please note that Applicant is submitting herewith a paper copy of the Sequence Listing and a copy of the Sequence Listing in computer-readable form. The Sequence Listing has been prepared using PatentIn version 3.1; however, the nucleotide and amino acid sequence information it contains is identical to that disclosed in the parent PCT/US99/30523 application.

Abstract

Applicant has presented the Abstract on a separate page of the specification following the claims; the text of the Abstract is identical to that disclosed in the parent PCT/US99/30523 application.

Respectfully submitted,
